

Thank you for your interest in ClientVue 2.5, iMPath software video decoding application.

Please download the application from iMPath's FTP site at:

Using Internet Explorer:

```
ftp://207.61.94.10/impath  
username ftptemp  
password tempftp1431
```

Look for directory /download/CV_2/. File name is "ccv2-install_2.5.0.1.exe"

Download this application to your PC then execute to install the application.

Once installed, this application requires licensing to operate. You will find a temporary license in the same directory as ClientVue (impathvideo2.lic). You will also need to copy this file to the same directory as ClientVue is installed. >>> C:\Program Files\iMPath Networks\ClientVue-2
This is only a temporary license and it will expire within 90 days.

To obtain a permanent license, please forward the file <<PC NAME>>_jaxvideo.01.dat to dbrisson@impathnetworks.com.
